## Past Performance

### TrialCard

**Oct 2018 - Nov 2020**

Program and Project Manager for Pharmaceutical, Medical Benefit, and Clinical Trial Pharmacy Card Programs, coordinated with Patient Access HUB programs, focused on developing, designing and administering programs designed to reduce patient financial burden and increase adherence to therapy. Administered programs that collectively saw greater than \$1 million in claims annually; with upwards of \$8 million in claims annually for an individual program

### RxSolutions

**Jan 2017- Oct 2018**

Program and Project Manager for Pharmaceutical, Medical Benefit, and Clinical Trial Pharmacy Card Programs focused on reducing financial barriers to help over 10,000 patients afford their medication and increase patient compliance. Reduced claim errors and denials by over 30% through active program management, claims review and reconciliation to ensure data accuracy, consistent benefits review and collaboration with payers.

### Biologics, Inc.

**April 2015-Nov 2016**

Case manager focused on overcoming financial and logistical barriers to help over 2,000 patients access and afford their medication. Reduced claims denials by 30% through proactive case management; navigating insurance complexities, such as investigating benefits, securing prior authorizations and coordinating benefits. Identified and resolved potential barriers to treatment access, leading to a 15% decrease in medication abandonment rates.
