Prior Authorization Assistance, Billing for Vaccines and Medications administered under Medicare Part B
Awarded Jan 2026 (Contract # BC8709) Medicare & Medicaid Cost Report & Auditing (3) State Hospitals

Duke Medical Center March 2021-April 2024

Clinical Trial Implementation Project Manager with extensive expertise in clinical trials for hematologic malignancies and cellular therapies. Background in optimizing trial operations and financial accuracy. Conducted feasibility analyses and protocol reviews to identify billable activities, ensuring precise billing allocation between study grants and patient insurance. Developed and implemented protocol calendar templates to streamline trial coordination and consistently ensured strict adherence to study protocols. Researched procedure and lab codes and managed protocol reviews for specialized services, including radiology, stem cell labs, and ophthalmology.

TrialCard Site Trials. Oct 2018 - Nov 2020

Project Manager specializing in pharmaceutical medical benefits, "buy and bill" models, and clinical trial pharmacy card programs. I partnered with Patient Access HUB programs to design and implement initiatives focused on alleviating patient financial burdens and improving therapy adherence. I have successfully overseen programs that collectively manage over \$1 million in annual claims, with individual high-volume programs processing up to \$8 million.

RxSolutions

Project Manager for Pharmaceutical, Medical Benefit Buy and Bill, and Clinical Trial Pharmacy Card Programs, dedicated to reducing financial barriers to medication access and enhancing patient compliance for over 10,000 individuals. Successfully achieved a 30% decrease in claim errors and denials through proactive program management, thorough claims review, reconciliation, benefits assessment, and collaboration with payers.

Biologics by McKesson

April 2015-Nov 2016

Case Manager dedicated to removing financial and logistical obstacles, enabling more than 2,000 patients to access and afford their medications. Achieved a 30% reduction in claims denials through proactive case management, addressing insurance complexities by investigating benefits, securing prior authorizations, and coordinating coverage. Identified and addressed potential barriers to treatment access, resulting in a 15% decrease in medication abandonment rates.
